STANDARD IS HIGH

The principal witnesses for the state Thursday were Mr. and Mrs. Burdick and their son, Franklin. Mr. Burdick told of the attempt to dynamite the farm where he lived. A big stone wall was blown up. Mr. Burdick told of another incident when he saw a fiash outside of his home about 10 o'clock at night and with his son went to the door. Soon after he heard about 25 shots fired at his house. He said the son took a shotgun to defend himself.

Mrs. Burdick told a similar story of the alleged attempts to dynamite the Burdick property and to kill her. She told of being constantly harassed by the accused. The son's testimenty was in corroboration of that of his Lieutenant owning of the state po-

SUIT AGAINST CITY Damages of \$10,000 are Asked for

Death of Henry J. Kilrcy in August, Suit for \$10,000 damages has been brought against the city of Norwich on account of the death of Henry J. Kilroy, Jr., of Norwich Town who was killed by an electric shock on August 19, 1914 while he was in the employ of John O. Johnson and was at work on a chimney on the city barn at the corner of Bath and Chestnut streets. The suit is brought by Henry J. Kilroy, father of the young man, as adminstrator of his son's estate, and Attorney J. J. Desmond is his counsel In the papers drawn the claim is made that while in the exercise of due care, young Kilroy was working on the roof of the barn, engaged in making repairs near some metallic wire running along Chestnut street close to the roof and that he fell or leaned against or took hold of one or more of the wires, and was thereby by means of the current, then and there fatally shocked and injured. The claim is made further that the defendant corporation in so placing stringing, using and maintaining its power transmission wires, near the roof, wrongfuly and negligently placed, strung, used and maintained the wires, which were thus highly dangerous to life of any person, including said intestate, who might be engaged in working on, or repairing the roof near the wires, and the fatal injury to, and the death of the plaintiff's intestate was caused solely and

directly by the negligence of the de-fendant, through the carelessness of its servants, officers and agents, in so placing, stringing, using and main-taining the transmission wires near the roof; by the negligence of the said defendant corporation through the carelessness of its servants, agents and officers, in negligently permitting the dangerous wires to remain in close proximity to the roof; in negli-gently failing and omitting to propergently failing and omitting to properly, or adequately insulate, cover, or
otherwise protect the wires, so as to
prevent them from causing the injury and death to Henry J. Kilroy,
Jr., whilst he was rightfully, and in

work on the roof; in negligently failing and omitting to give any notice,
or warning to any netson working on or warning to any person working on said roof, including Henry J. Kilroy, Jr., of the danger of touching or coming in contact with any of the wires; in negligently failing and omitting to use reasonable care in so placing, hanging and maintaining its wires as to prevent them from fatally injuring this intestate, and in negligently so placing, using and maintaining its wire as to cause the injury to and death of Henry J. Kliroy, Jr.

It is further claimed "that the defendant corporation than the feed

fendant corporation, through its offi-cers, agents and servants, well knew that the barn roof, on its Chesinut street side would from time to time need repairs, which would require workmen to go, and work upon the roof near and within reach of the dangerous wires, and should have known that the wires were highly dangerous to any such workmen, so engaged, if reasonable care(inspec-tion and supervision of the wires had not been exercised by the defendant corporation. endant corporation, through its offi-

The plaintiff's said intestate believing that said wires were not dangerous, either because they were not dangerously charged, or that they were adequately insulated, or protected, swayed, or leaned or fell against them, or took hold of one of the wires, and through the negligence of the defendant, he received in and through his body, a current, or discharge of felectricity from the wire, by so coming into contact therewith and was thereby fatally injured.

The employer of the young man had had his liability insured and the insurance company has been paying \$5 per week to the administrator according to an agreement which was reach-London. He has been in ill health for several months.

The deceased was 76 years of age and for many years was employed as a paper maker at Woodworth's paper mills in Quaker Hill. Ill health has prevented him from following his trade during the past eight or nine years.

He is survived by five sons, Charles, Frank, George and William of Lawrence, Mass. and Daniel of New London, and one daughter, Mrs. Mary Miner of Niantic. There are 11 grand-children and two great-grandchildren.

GENERAL CONFERENCE OF CHRISTIAN WORKERS. Daily Song Service at Northfield One of the Popular Features.

East Northfield, Mass., Aug. 5.— Daily song services in charge of Charles M. Alexander are proving one of the most popular features of the general conference of Christian workers which is now in full swing at Northfield. Mr. Alexander, who has toured the world with the evangelists Torrey and Chapman, was secured for the conference at the last minute through his inability to take a trip to England. He is leading the singing at the two dally platform meetings and conducting a personal work and song service every morning and a second song service at the close of the even-ing meetings. His success in bringing out the spirit of the hymns and geting everyone to join in the singing has given him a foremost reputation among the leaders of religious singing. The conference will continue through Sunday, Aug. 15. Another daily part of the programme, besides Mr. Alexan-der's services, is a series of Bible lec-tures by Rev. A. T. Robertson of Louisville, Ky. Dr. Robertson is a leading Greek scholar and a speaker who brightens his lectures by his in-

and a series of famous speakers are addressing large audiences at morning and evening services and at Round Among other speakers to be heard as the conference progresses may be mentioned Rev. Charles E. Jefferson, D. D., pastor of Broadway tabernacle, New York city; Rev. Russell Cecil of Richmond, Va.; Melvin Trotter of Grand Rapids, Mich.; Rev. Charles Inglis of London, Rev. William Evans of Chicago, Rev. T. R. O'Meara, princi-pal of Wycliffe college, Toronto, Ont.,

Railway Development in Asia Minor. Berlin, Aug. 5.—The railway de-relopment of Asia Minor is being bushed forward rapidly. The latest pushed forward rapidly. The latest issue of the Official Gazette at Constantinople publishes a decree granting the minister of war a credit of \$7,500,000 for work on four main and two branch lines, all under military control. The principal line is from Angora to Erzerum. Another runs from Erkerum to a point on the Black sea, a third from Murally to Rodosto and a fourth from a point on the Erzerum railway to the Black sea.

The opening of the National Expo-sition of Panama, has been postponed again, this time until November 3,

# SAGE TEA BEST WAY TO

Old-Fashioned Treatment.

A good old fashioned remedy for darkening gray hair is a compound of Sage Tea and Sulphur. Avoid the trouble of making it yourself by getting a 50c bottle of Sulpho-Sage. This is a dainty toilet preparation based on the old-fashioned formula with other helpful ingredients added. It is in no sense a dye, but merely causes nature to bring back to each gray hair the original rich, dark shade. This is done so evenly that no one knows you are using anything. New gray hairs are kept from showing. Sulpho-Sage removes dandruff; gives your hair a glossy lustre and beauty that will make you look ten years younger. Get this fine old-fashioned Sulpho-Sage today from Utley & Jones. They recommend it to Norwich ladles; will refund price if it fails. Clifton Chemical Co., Newark, N. J.
